Recently, we have encountered some e-safety issues within the school concerning children with their own social networking accounts uploading material which may compromise their (or their family's) personal privacy, and therefore, their safety.

We will be highlighting and addressing these matters in detail, but it is important for us as a school to raise awareness of the age restrictions on social media sites, as these rules are disregarded far more frequently than those around computer games, films and so on. Please see the below list and discuss the matter with your child if you can:

Age Restrictions On Social Media
